**PLEASE NOTE:**

- If you need to change a grade after the grades are stored, you must fill out the appropriate paperwork with Mrs. Niessing in the Attendance Office. You must also change the grade in Power School.
- Once grades are stored, it is always a good idea to print (for your records) from the “grades history” tab.
- For each marking period, we will only have ONE DUE DATE for grades. This will also be the date we STORE the grades. It is imperative that teachers complete their grades on time.
- The Schedule of Marking Periods is subject to change due to school cancellations.
- After June 30, 2020 students become inactive in Power School for the summer.
